Pierce-Arrow

“Unchanged for Twenty-one Years”

To build so well that sheer merit would compel public endorsement was the determination of the creators of Pierce-Arrow.

That determination has remained unchanged for twenty-one years.

We still purpose to build so conscientiously that no one ever can say truthfully:

“As good as a Pierce-Arrow.”

Indeed, nothing less than twenty-one years of cumulative effort and experience, coupled with the deep-rooted instinct to build painstakingly, could produce cars and trucks of the mettle of those which bear the Pierce-Arrow nameplate.

FROZEN STEAM

-in the family

Why not open the door of PROGRESS and use "FROZEN STEAM" for cooling your refrigerator?

It is a high grade product manufactured and sold EXCLUSIVELY by the Company.

It is made of dry steam STERILIZED at the remarkable temperature of 40 degrees above zero, the ONLY method of killing and eliminating all BACTERIA and DISEASE GERMS. The steam then frozen at the exceedingly low temperature of 1 degree below freezing furnishes you the greatest per pound COOLING POWER and, therefore, the utmost economy; at the same time as it melts, the liquid therefrom is the greatest absorber known, CLEANSING YOUR REFRIGERATOR of impurities and disease germs. Freezing, without sterilization, does not kill bacteria and disease germs—it simply renders them dormant while frozen melting leases them in their former state when development begins. As we neither make nor sell the ordinary ice, we furnish a GUARANTEE with each delivery that you are actually receiving FROZEN STEAM, a product more pure than food itself.

Broken Children

A financial emergency exists in the Children's Hospital of Los Angeles. Many innocent, sick and crippled children need help. It occurs to us that people now joyously planning vacations might be glad to buy a \$5.00 (or more) membership in the hospital before going away, as a means of helping the broken children who can't have a vacation and who want only help for their poor little bodies. The Children's Hospital is at Vermont Avenue and Sunset Boulevard—Phone 598121. Immediate action is necessary.

MAYO-BUILT

When, in the field of production, we achieve excellence we are proud to have our name associated with our work.

This individualizing of a commodity brings it out into the light of day—it now becomes an inspiration to the producer, a guarantee to the public.

Therefore,

"MAYO BUILT" means more than a slogan. It has become, for Mayo clients, a surety of excellence backed by over ten years active building operations in Los Angeles.

An excellence achieved through the intelligent co-operation of certificated architects, skilled engineers and master craftsmen.

Today, in the field of apartment house designing and building the name "MAYO" stands pre-eminent.

Your Presence Here Reveals Your Love of Good Music

The musical discrimination that drew you here to listen to this splendid orchestra, places you in the class that this house is striving worthily to serve — the class of people whose musical tastes are high, whose ideals can be satisfied only by instruments of supreme quality.

As such you will find keen interest and enjoyment in a visit to this establishment where are assembled some of the finest musical instruments the world affords, foremost among which is the

Mason & Hamlin

Pianoforte

Our line of pianos, confined strictly to instruments of integrity whatever the price, starts at \$850 for grands, and \$395 for uprights. Satisfactory terms may be arranged when desired.

You will also find here reproducing pianos and playerpianos of most advanced developments.
